

Hello all,

So, I have a difficult travel update for Concert Band assessment. FCPS transportation has tried many different avenues to support our trip to Centreville HS on Friday 3/15, however they are unable to pick us up to return to Woodson until around 5:15. We complete our performance and sight reading around 3:00, so this leaves a considerable amount of time to hang around Centreville. The Assessment performances are still occurring, so it will be a good opportunity for the students to see other bands perform, but not having an alternative is frustrating.

If you are able, I would ask that you pick up your student directly from CHS after 3pm. If we can take the total number of students down to 35 or so, we can pack onto 1 bus and it may speed up our return to Woodson. Please fill the form out below so I can give the transportation people a final head count.

Also, parents we still need one more chaperon for concert band. Sign up below:

Thanks,

AM
