Students must be physically checked out by the adult listed below. A chaperone or a director MUST be present and verify that the student is being checked out by the parent listed below. Please have a photo ID ready.

I understand that my student becomes my responsibility once my student has been checked out and I release FCPS from any liability from that time onward. If an adult other than a parent is checking out a student, I give the teacher or chaperone permission to dismiss them to them (note, this person must be over 18 and must present a photo ID that matches the name listed on this dismissal sheet).
